

The scatter plot displays the relationship between the Corruption Perception Index (CPI) and the Democracy Index for 180 countries. The x-axis represents the Democracy Index (0 to 100) and the y-axis represents the CPI (0 to 10). Countries are color-coded: green for high scores in both, yellow for moderate, and red for low scores. A positive correlation is visible, with countries like Japan, Australia, and New Zealand at the top left, and countries like Myanmar, Venezuela, and Russia at the bottom right.
