

The scatter plot displays the relationship between the Corruption Perception Index (CPI) score (X-axis) and the Country's GDP per capita (Y-axis). The plot includes a grid and labels for various countries. Countries are color-coded: red for high CPI and low GDP, blue for high CPI and high GDP, and green for low CPI and low GDP. The plot shows a general positive correlation between the two variables.

Key countries and their approximate positions:

- High CPI, Low GDP (Red):** Japan, Australia, France, Italy, Spain, Greece, Canada, Norway, Germany, Finland, Sweden, Denmark, Austria, Iceland, Switzerland, Qatar, Netherlands, Kuwait, Slovenia, Czech Republic, Bahrain, Oman, Lithuania, Thailand, Slovakia, Estonia, Maldives, United Arab Emirates, Hungary, Malaysia, Ireland, Malta, Luxembourg, Singapore.
